

# ZMAX RACING OILS

For new and rebuilt performance engines.

**Used by the best in the business!**

## RACING OILS

- High zinc and anti-wear protection
- Efficient ring seal
- Protects bearings and journals
- Reduces engine temps
- Reduces drag for increased horsepower
- Stands up to higher temps with less metal fatigue

## MOTORCYCLE OILS

Advanced, synthetic engine oils for 4-stroke motorcycles (in carburetor or fuel injected, air or liquid-cooled engines)

- High Zinc and anti-wear protection
- Maximum horsepower
- Confident shift-feel in wet- or dry clutch transmissions
- Reduces engine temps

Compatible with high-octane gasoline, methanol, NOx fueled performance engines.  
NOT FOR USE IN PASSENGER VEHICLES.

# ZMAX PERFORMANCE PRODUCTS

## AEROSOLS & SPRAYS

### All-Purpose Degreaser

- Helps remove grease, grime and oil

### Brake and Parts Cleaner

- Non-chlorinated
- Does not leave oily film
- Cuts through grease and grime

### Chain Lube

- Meets high demand on performance chains and sprockets
- Will not attract dirt and sand
- Penetrates pins and bushings

### Multi-Use Lube

- Quiets and stops squeaks
- Lubricates, cleans and protects
- Helps prevent rust and corrosion

### Silicon Spray

- Sheds mud and dirt
- Restores glossy finishes
- Works on plastic, metal, carbon fiber surfaces

### Speed Wax

- Easy spray-on mist
- Shines and protects
- Leaves high gloss finish

## WET CLUTCH ADDITIVE

- Provides optimum hook-up
- Protects against heat and clutch wear under extreme conditions
- Helps prevent clutch slippage
